COLOUR THEORY*

YELLOW

The colour of knowledge and creativity. Yellow offers hope, happiness and fun.

ORANGE

An optimistic, uplifting colour. Orange inspires and motivates positive thoughts.

RED

A positive colour associated with brand leadership, ambition and determination.

PINK

The colour of love, compassion and intimacy. Pink drives romantic ideals.

PURPLE

Represents the imagination. Purple expands awareness & connects to deeper thoughts.

BLUE

Trust, honesty & loyalty define blue. It is reserved, conservative and reliable.

GREEN

The great balancing colour. Green promotes stability between energy & emotion.
